The Early Childhood Comprehensive Systems (ECCS) Working Group will guide the implementation of the Colorado ECCS Grant: Health Integration Prenatal-to-three Program (CO-ECCS). This project works to advance the infrastructure, capacity, equity, and sustainability of Colorado's maternal and early childhood systems of care and will be implemented collaboratively by key agencies comprising Colorado's infrastructure for the delivery and coordination of prenatal-to-three (P-3) services.

***The ECCS Grant supports Colorado in achieving its vision that: "All children are valued, healthy, and thriving and have equal access to services, supports and resources."***

**The Working Group is charged as an advisory group for the ECCS Grant.** The Working Group will engage stakeholders in the system of wrap-around support for families during pregnancy through the first three years of a child's life to ensure alignment of Colorado's early childhood and maternal child health systems. In order to advance health equity of P-3 services, the Working Group will collect information and examine data from diverse partners to inform a Health Equity Action Plan.

Goal 1	Goal 2	Goal 3
Increase the engagement of new stakeholders, such as families and health providers, in the system of wrap-around support for families during pregnancy through the first three years of a child's life.	Align the maternal and early childhood system to advance the sustainability of multigenerational preventive services and systems.	Advance health equity by engaging the Colorado Partnership for Thriving Families, Office of Maternal and Child Health, Office of Health Equity, Office of Early Childhood, and Early Childhood Leadership Commission and produce a P-3 Early Childhood Health Equity Action Plan.
