**The Colorado Early Childhood Comprehensive Systems: Health Integration Prenatal-to-Three Project (CO-ECCS)** works to advance the infrastructure, capacity, equity, and sustainability of Colorado’s maternal and early childhood systems of care and will be implemented collaboratively by key agencies comprising Colorado’s infrastructure for the delivery and coordination of prenatal-to-three (P-3) services.

***The CO-ECCS Project supports Colorado in achieving its vision that: “All children are valued, healthy, and thriving and have equal access to services, supports and resources.”***

**The ECCS Working Group is charged as an advisory group to the CO-ECCS Project.** The Working Group will engage stakeholders in the system of wrap-around support for families during pregnancy through the first three years of a child’s life to ensure alignment of Colorado’s early childhood and maternal child health systems. In order to advance health equity of P-3 services, the Working Group will collect information and examine data from diverse partners to inform a P-3 Early Childhood Equity Action Plan.
