### Agenda

#### 1. Welcome from Chairs

Kendra Dunn welcomed new members and reminded attendees that a request for data on financing of home visiting models had been sent out.

#### 2. Introductions

Attendees posted their names and organizations in the chat. 34 people attended.

#### 3. ECLC Updates

Shannon Wilson shared that there would be an ECLC meeting on the afternoon of February 29th. They would be discussing subcommittee priorities and how to seek more cohesion between the ECLC workgroups – by checking in more frequently and making sure needs get met across groups.

#### 4. Work Group Updates and Discussion

Each work group (Availability, Collaboration, and Innovations, Finance and Funding Opportunities, Qualified Workforce, and Outreach and Advocacy) reported on draft 2024 priorities. Individual attendees then provided feedback on priorities and workgroups met in breakout rooms to revise plans based on input from colleagues. The latest version of the 2024 can be found in the [Implementation Plan Tracking Document](#) (*final tab*).

Meeting attendees also had the opportunity to sign up for workgroups. If anyone who was unable to attend the meeting would like to join a group, please contact [Betsy Kummer](#).

#### 4. Data and Evaluation Group Proposal and Vote

Trent Lalonde presented ideas on what the HVITF data working might focus on and prioritize. [His presentation](#) was developed in collaboration with other HVITF participants and based on feedback from a prior task force meeting. The proposal was to form a data working group that: schedules, formalizes, and documents what is already happening; makes the best use of Task Force members' expertise; alleviates the data-project demands of current working group members; and promotes data consistency and self-evaluation.

Members voted on the proposal: 17 votes in favor, no one opposed, no one abstained

**5. Home Visiting Conference Updates**

Joyce Johnson provided some insights from recent conferences that she attended (MIECHV AGM and the National HV Summit). [Click here to read highlights.](#)
